

Lew Akins' Negative Edge Seminar **- Order Form -**

Lew Akins brought the “negative edge” concept to Central Texas homes in the 1980’s. Author, consultant and winner of more than 175 design awards, Lew is a recognized industry expert on Vanishing Edge and Infinity Edge pool designs. After years of teaching negative edge at NSPI/APSP events, his secrets have been captured on tape.

Now you can learn Lew’s secrets and avoid costly mistakes in designing and building negative edge, vanishing edge and infinity edge pools and spas. This comprehensive 3-hour audio CD seminar explains all the critical aspects of negative-edge design, including:

Common mistakes that inexperienced builders make, such as:

- Equalization problems
- Inadequate hydraulics
- Improper catch basin sizing & operating levels
- Unrealistic customer expectations

Important schematics and services that most builders don't provide their customers:

- Plumbing schematics
- Overflow details
- Flow calculations for desired water effect
- Weir wall construction
- Pipe sizing chart

This package also includes fifty high-resolution photographs showing different negative edge features for use with your prospective clients.

Complete Negative Edge Package, with CD’s, Workbook & Photos:

\$299 (plus 8.25% sales tax if shipped to a Texas address)

FAX your order to (254) 933-8366 and we’ll ship the program USPS Priority Mail at our expense.
